T. H. Sheffer Esq.

I found that Frank Giusti was at Frank Caprio's formerly of N.J. City Police, is not right but is Frank Parketo was discharged from the force in Nov 1972 then reinstated about Jan 1973 then broke for shaking down Italians, he was in Granville section which is the 5 Pct. Party whom I got this information was formaly with N.J. City Police resigned and now owns a Garage in Pearl River I got in touch with him a very close friend of mine, Mr. Koch is willing to go over to the 5 Pct. and he knows of some good Italians he could get information from if you need any further information.

He further said when they first started him on the force he was instructed to keep children from skating on the side walks and got in trouble by pointing a gun at them, he said he is a wild Italian and no good and during his time on the force was always in trouble, Mr Koch bought out Mr Robinson's garage about a year ago Mr. Wm. Koch and his brother runs the place and Hon. Leon M. Woodworth here in town got him to get me the information so when they called me up at 6 P.M. at Round Brook I took the 6½ bus from here and went to Mr Koch's house. today's report continued

The witness they are looking for is Alfred Wahler of New Brunswick to testify regarding Harry Stern being seen as I heard them talking they could not locate him at the home where he lived.

To day I was approached by one of the Daily News reporters who asked me if I was for the Defense or Prosecution I said I am not for either it is Hell to keep dodging so many reporter, owing to being around so much, but I feel I satisfied their curiosity in learning I had nothing to do with the case only anxious to learn and see the witnesses as others do around.

I told Gregory about a rumor being out that they had a tip that Snyder was arrested in New Brunswick this Noon but found out after "Eddie Jackson" of the Daily News came back from there, it was a false alarm. nothing new took place, only regarding witnesses on stand of which You Know of.

In case you desire further information of Parketa I told Mr. Koch I would call him up and would reimburse him for expenses of going to Jersey City for us, which I know would meet with your approval.
